Karazim ministries

**Raoul and Karen
Armbrister**
Bahamas Missionaries
& Island directors

"Changing The Face of A Nation By Changing The Heart of Its People"

Short Term Missionaries show their lobster catch.

Team heading out to plant lobster traps.

Raoul & brother Randy who helps with fishing program...Even Raoul helps to catch the big ones.

We have launched a commercial fishing program! Young men are being trained and we are presently placing traps for the upcoming lobster season. The commercial fishing program was established to empower men to harvest the bounty of the sea. Please pray for this project as we believe it is an answer to economy and nutrition.

LEADERSHIP TRAINING

Over the past three months we were able to conduct a number of leadership training sessions focusing on Understanding Our Youth, Marriage and Family, and Evangelistic Outreach. Please pray that the spiritual leadership of our island continue to grow in unity.

As more than five thousand people on Grand Bahama Island go to be either hungry or suffering from malnutrition, we saw the need to launch the "God's Garden" project. Work on a nine acre farm, located in west, Grand Bahama is on the way, and mini raised gardens are being placed in various outlying communities. They are proving to be very successful. To God be the glory..residents are yielding harvest.

Outreach in the villages.....

Our community outreach remains a priority in ministry, as we continue to pray with persons in need. During this time of economic deprivation individuals are realizing more and more that their only hope is in Jesus Christ. The kingdom of God continues to expand!

With recent earthquake in Haiti, we know that every little bit helps, so we are trying to do our part. We assisted in filling a 40-ft container with supplies for that ravaged country. The demand for food and clothing among the Haitian communities on Grand Bahama Island has increased tremendously. We are helping in that area also.

Prayer Requests!

- Pray for our new couples ministry, that God will help us to truly be a blessing to all who are a part.
- Pray for our health, as we have been faced recently with hypertension, and sinus attacks.
- Pray for our finances, that we would reach 100% support.
- Please pray that God will continue to lead us and provide the resources for the vision He has given us.
- Pray that the yoke of poverty would be broken from over Grand Bahama Island; that there would be a resurgence of jobs; and that more tourists would visit, as Tourism is our number one industry.

Tarak and Eileen Khan help with distribution to Haitian relief during their three week visit to Grand Bahama as a part of their ministry evaluation. Please pray that they reach 100 % support which

Clothing and Food distribution continue to open doors to share the gospel of Jesus Christ and minister to the whole man. Back ground work and prayer are in full effect for our couples ministry. Please pray that this ministry will have a positive affect on families and would meet the needs of the many couples requesting this ministry.
